# Gray Kangaroo

**PERSONAL LIQUOR FILTER**

This incredible device filters hard liquor and makes it comparable with liquor that costs three times the price.

It really is an incredible gift! Unfortunately the company that makes them has fallen into a backorder status this holiday season and will not have units in stock until Dec 26th 2008.

So start stockpiling that cheap booze, you'll get your Gray Kangaroo in a couple of days!

You can read more about the product at [LiquorFilter.com](http://LiquorFilter.com)
